News & Tips For Clients & Friends of Stromsoe Insurance Agency

Doing WHATEVER It Takes to Protect You!

It is absolutely TRUE. Recently, a client we are honored to do business with asked me if we were willing to go beyond the "Extra Mile" for them. I said "certainly, as long as it makes sense for all involved". I then proceed to ask "what do you have in mind?" The clients response? "I was recently reading about the number of people who have attempted to go over the edge of Niagra Falls in a barrel. I am wondering if you would take the plunge in a barrel for your clients. We come to you this month with PROOF that ABSOLUTELY - YES - we are willing to brave the Falls for YOU. Cindy and I took the plunge on the Canadian side, into the "horseshoe" Falls. We were then picked up by the Maid of the Mist, sopping wet but safe. Wow, what a breathtaking, incredible wonder of the world!

This was our first trip to the area of Niagra Falls. Have you ever been to Niagra Falls? If so, would love to hear your thoughts about the 3 different "Falls", Goat Island, the pristine parks and anything else that "wowed" you. Please email us at mikes@fallbrook.com. It's also TRUE that we have embarked on additional efforts to connect with each and every one of you to make sure your insurance protection program is up to date. Many of our insurance company partners are offering new discounts, multi-policy discounts, changing the way they rate insurance policies, and so much more. It is critically important that we keep in touch as often as is necessary to make sure your total insurance program is up to date! If we have tried to contact you via phone, email, fax or snail mail and not be able to connect, please contact our office right away so we can make sure you have the right insurance protection at the best price. As always, our goal is that you receive the very best insurance value for your premium dollar while properly protecting the assets you work so hard for every day.

Toys and Cars Covered on Your Homeowners Policy ???

Gil Coronado
Protection Coach

I recently had a conversation with a client, she asked me if her car was parked in the garage and the garage burned down, would her home insurance cover her car?

Well the short answer is there is **not** coverage under a homeowners policy for any motor vehicle. Coverage for the car would come under the comprehensive coverage on the auto policy.

In rare instances, there is coverage for motorized units that are used to maintain your property – like a lawnmower, non-business use tractor etc.

Other toys that you own, including motorcycles, dirt bikes, ATV's, jet-skis and boats are NOT covered on your property, in or out of the garage, under the homeowners policy. This is not an all inclusive list. For exact answers, please call us at 877-994-6787 to make sure your current insurance program provides the right protection.

Quick Tip Time

Halloween Trick or Treat Safety

- Children should be well supervised by an adult when trick-or-treating. Older children should trick-or-treat in large groups in well known neighborhoods.
- Carry a flashlight
- Stick to well lit houses in familiar neighborhoods only
- Follow traffic signals and rules of the road
- Drive slowly
- Avoid taking shortcuts across backyards or alleys. Stick to the sidewalks of well lit streets

Wishing you a fun and safe Halloween!!!

Thanks for Referring SIA! Congratulations to Andy Davies and His Team at Davies Financial Advisors in Murrieta!
